IV. COMPENSATORY TIME

- A. **Nonexempt Employees** – Compensatory time is earned for the number of hours worked in excess of the employee's standard 7-day/40-hour workweek. Compensatory time is earned at the rate of one and one half-hour for each hour worked in excess of 40 hours. Accrued compensatory time must not exceed 50 hours. Refer to Accounting Department Administrative Procedure 1-18 for more details. For examples on how to calculate compensatory time for nonexempt employees, refer to Accounting Department Administrative Procedure 1-18 V.
- B. **Exempt Employees** – At the discretion of the department director/office administrator, compensatory time may be granted on an hour for hour basis and only in one-hour increments. Portions of hours may not be accumulated. Accumulated compensatory time may not exceed 15 workdays (120 hours) and will not be paid at termination of employment. Exempt employees are ineligible for overtime pay. For examples on how to calculate compensatory time for exempt employees, refer to Administrative Procedure 1-18 VI.

V. HOURS WORKED

All time during which a nonexempt employee is required or permitted to work is considered as time worked.

- A. **Breaks** – County authorized rest periods of 15 minutes or less are counted as time worked.
- B. **Meals** – A bona fide meal period is a span of at least 30 consecutive minutes during which a nonexempt employee is completely relieved of duty and free to use the time for his/her own purposes. It is not counted as hours worked. Any “meal period” of less than 30 consecutive minutes shall be included as time worked.
- C. **On Call Time** – Payment for on call time depends on the employee’s freedom while on call. A nonexempt employee who is not required to remain on County premises and is free to engage in his or her own pursuits, subject only to the understanding that the employee leave word at his or her home or with the County is not accruing time toward hours worked while “on call.” Similarly, time spent carrying a pager is not considered to be time worked.
- D. **Training** – Training is not considered compensable working time if all of the following criteria are met:
 - 1. Attendance is outside the employee’s regular work hours;
 - 2. Attendance is voluntary;
 - 3. The employee does no productive work while attending the training; and
 - 4. The training is not directly related to the employee’s job.
- E. **Travel**
 - 1. **Home to Work** – Normal commuting to and from work is not included in compensable hours. This is true if the employee works at a fixed location or at different locations.
 - 2. **Home to Work on Assignment Outside of the County** – When an employee who regularly works inside the county is given an assignment outside the county, travel time must be included as compensable time. The usual time required to and from work will be deducted when determining the amount of compensable time.
 - 3. **Overnight Travel** – Travel by an employee who leaves the Richmond metropolitan area on county business overnight is counted as hours worked if such time is during the normally scheduled work hours. Travel time outside of normal work hours is not considered as hours worked. Overnight travel is counted as hours worked on non-scheduled workdays during regularly scheduled work hours. Regular meal time is not counted.

Example – An employee who has a work schedule of Monday - Friday, 8:30 a.m. - 5:00 p.m. leaves for Baltimore, Maryland, on Sunday afternoon at 3:00 p.m. and arrives in Baltimore at 6:30 p.m. The hours between 3:00 p.m. and 5:00 p.m. are counted as hours worked. The time between 5:00 p.m. and 6:30 p.m. is not counted as work time.
- F. **Waiting Time** – To determine if waiting time is compensable require close evaluation of all facts. HRM should be consulted if questions arise.
- G. **Voluntary overtime** - Nonexempt employees may not “volunteer” for extra work, i.e., report to work prior to the beginning of the work day, work through their lunch period, or remain after the official close of business of the work day. Department directors/office administrators shall be charged with the responsibility of enforcing this policy. Mere declaration of policy prohibiting an employee from “volunteering” time does not relieve the county of the liability to pay overtime for the extra work.
- H. **Multiple positions** - Nonexempt employees are prohibited from holding two county positions, either full or part-time, unless approved by HRM and the department directors/office administrators of both departments. Nonexempt employees may be utilized for special events,

such as the County Fair or working at a polling place on Election Day, if written approval is received in advance from the Department of Human Resource Management. Exempt employees may hold two county positions, at the discretion of the department directors/office administrators, provided work performance does not suffer. Employees who work in a seasonal recreational program that does not operate for more than seven months during a calendar year are exempt from overtime provisions and may hold two such positions within their department.

- I. Sick leave, part time leave, compensatory time and leave granted for recognition purposes will not be considered as hours worked for the purpose of computing overtime pay or the accrual of compensatory time. Holidays, annual leave, floating holidays, bereavement leave, military leave and civil leave are considered hours worked for the purpose of computing overtime pay.
- J. Notwithstanding the provisions of paragraph H, sick leave will be considered as hours worked for the purposes of computing regularly scheduled overtime pay for employees whose regular work schedule includes work hours in excess of the FLSA overtime threshold for the work cycle and whose work cycle exceeds seven days.
- K. Departments should monitor the amount of overtime to ensure the safety of the employee and others.

VI. OVERTIME PAYMENT CALCULATION - Refer to Accounting Department Administrative Procedure 1-18 for details.
